Subject: settlement

Renata Hesse
Trial Attorney
Antitrust Division
Department of Justice
601 D Street NW, Suite 1200
Washington, DC 20530

The boom in technology over the past ten has been the energy behind our economic prosperity. New innovations lead to confidence and spending among Americans. Our economy is need of assistance. Accepting the Microsoft settlement is the first step to economic recovery. The Microsoft Company and the Department of Justice have done an excellent job in finding the balance for marketing their product without endangering their competitors.

Please adopt the settlement and bring the issue to closure.

Sincerely,
/s/
James E. Salmon
